Helpful tips after reading the report

Every tip you check off helps you avoid unwelcome surprises later. The more you check, the safer your car deal.

Do these checks before buying a car:

- Get a professional inspection**

An expert mechanic can spot hidden issues you might miss. Here's what to do next:

 - Book a pre-purchase inspection at an independent or authorised service
 - Ask the mechanic to check key systems: engine, brakes, suspension, electronics
 - Request written notes or a report of any issues found

- Ask for service records**

Service records show how well the car has been looked after. Here's what to do next:

 - Ask the seller for the car's service book or maintenance records
 - Check for regular oil changes, filter replacements, and timing belt work
 - Note any missing or overdue services

- Check if the mileage matches**

Make sure the mileage in this report matches the car's odometer readings. Here's what to do next:

 - Check the odometer reading against the mileage in the report
 - Watch for signs of tampering (worn pedals, suspicious dashboard fixes)
 - Ask the seller about any differences

- Take a real test drive**

A proper test drive helps you spot problems with performance, handling, or comfort – you'll notice much more on the road than you will in the parking lot. Here's what to do next:

 - Drive on different road types: highway, city traffic, and bumpy or uneven surfaces
 - Listen for strange noises or vibrations
 - Pay attention to handling and comfort

- Compare with similar cars**

Checking other listings helps you know if the asking price is fair – or worth negotiating. Here's what to do next:

 - Search for similar cars online (same make, model, year, mileage)
 - Compare asking prices
 - Look at car condition and equipment
 - Use this info to negotiate with the seller
