Data sources

We checked 1000+ data sources in 48 countries

Commercial use check

We checked if this vehicle was used for commercial purposes - like a taxi, rental, or another service vehicle. These vehicles often see heavier use, so it's worth looking closer for signs of wear.

No issues found

No records of vehicle being used in irregular manner

Here's what we checked:

Taxi

No evidence of being used as a taxi

Transport

No evidence of being used as a transport vehicle

Rental

No evidence of being used as a rental

Police

No evidence of being used by police

Demo

No evidence of being used as a demo vehicle

Driving school vehicle

No evidence of being used as a driving school vehicle

Theft

We checked if the vehicle is currently listed as stolen, if it was ever reported stolen in the past, and whether it's been recovered.

No issues found

We didn't find any records that the vehicle was stolen.

Here's what we checked:

Is it currently wanted as stolen?

No records indicate that this vehicle is currently reported as stolen and is being searched for.

Was it stolen in the past?

No past theft records found for this vehicle.

Police database stolen vehicle check completed in 7 countries:

Italy Hungary Canada Slovakia Slovenia Romania Czechia

Mileage

We checked if the mileage looks accurate or if it may have been tampered with.

Summary

- Last known mileage: 20,344 km
- Average mileage for similar models: 68,110 km
- 5 mileage records found

carVertical Insight

This vehicle's last recorded mileage is well below average for vehicles of the same age. It may have less wear than usual, but it's still a good idea to ask the seller why it was driven so little.

Odometer records

01/2020	14 km
06/2022	8,000 km
11/2023	12,205 km
07/2025	16,975 km
03/2026	20,344 km

Driving habits

01/2020 - 03/2026 ■ Normal driving 271 km/month

Legal status check

We checked if the vehicle passed technical inspections and whether it was marked as scrapped.

No issues found

No records about the legal status of this vehicle were found

Legal

 **Passed technical inspection (MOT)?** Passed 03/2026  Romania

Has successfully passed technical inspection

Valid until 03/2028

Was it scrapped?

No record of this vehicle being marked as scrapped.

Damage

Has this vehicle been damaged in the past? What was the value of the damages?

Attention

We found 1 record for this vehicle

Damage records

Assessment

This entry indicates the vehicle was **inspected or serviced** by a professional - for example, for repairs, diagnostics, or warranty service. This doesn't necessarily mean the vehicle was in an accident.

Parts affected

Front / Windshield

Past repair cost estimate

€2,001 – €2,500

Repair cost rating

Very low 1% of the vehicle's value at that time

Damage Groups

Glass

Disclaimer: Most damage entries are related to traffic accidents, but not exclusively. Some entries may end up on the report for different reasons, such as damage assessments, auctions, vehicle inspections, repairs and other similar events, actions or circumstances. Entries like these may indicate, for example, that the vehicle was inspected and assessed at an authorised service centre, or that repairs, warranty service, diagnostics, vehicle inspection or other similar services were performed. These vehicle inspections or assessments may be done due to damage caused during a traffic accident, but also for other reasons, such as legal requirements and/or processes, information published by the manufacturer, warranty or non-warranty repairs, correction of poorly performed repairs, or damage not related to traffic accidents (e.g. theft, mechanical damage, etc.). It is important to note that such entries do not necessarily indicate the consequences of a traffic accident – they may also be related to the use, maintenance or operation of the vehicle in accordance with the requirements and circumstances set by the manufacturer or third parties.

Damage Glossary

Past repair cost estimate

If the vehicle has reported damage, the past repair cost is estimated based on where the damage was assessed and is shown in that country's currency. This amount may differ from what you'd expect locally. Here's why:

Repair prices vary between countries due to differences in labor rates and parts costs.

The estimate is based on work that is done at official service centers, which are typically more expensive than independent garages.

Repair cost rating

It helps you understand the severity of past damage by comparing repair costs to the vehicle's value. When repair costs approach or exceed a large portion of the vehicle's value, it may indicate a potential total loss.

Very low <10% of the vehicle's value at that time

Low 10-24% of the vehicle's value at that time

Moderate 25-49% of the vehicle's value at that time

High 50-74% of the vehicle's value at that time

Very high >75% of the vehicle's value at that time

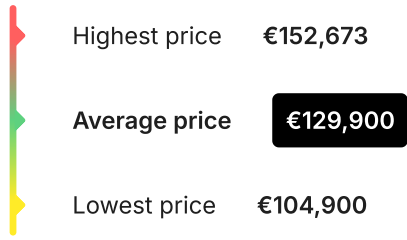

Market price

We checked how this vehicle's market price has changed over time, based on available historical data and price estimates.

The timeline shows a limited period and does not reflect the vehicle's full lifetime pricing.

Summary

- Last known selling price: €143,100
- Average market price for such vehicle: €129,900
- Be cautious of hidden issues if the vehicle was on sale for significantly less than the current price!

Criteria for market price evaluation:

Make: **Aston Martin** Model: **DBX** Fuel type: **Gasoline** Transmission type: **Automatic** Year: **2020** Market: **Europe**

Year	Market price	↘ Lowest market value	↗ Highest market value
● 2024	€164,850	€127,745	€190,681
● 2025	€147,618	€118,500	€169,995
📌 07/2025	Selling price €143,300		
📌 08/2025	Selling price €148,400		
📌 09/2025	Selling price €143,100		
● 2026	€129,900	€104,900	€152,673
● 2027	€116,600	€94,159	€137,041

Year	Market price	↘ Lowest market value	↗ Highest market value
● 2028	€104,661	€84,519	€123,009
● 2029	€93,945	€75,864	€110,414
● 2030	€84,326	€68,097	€99,110
● 2031	€75,692	€61,124	€88,961
● 2032	€67,942	€54,866	€79,853
● 2033	€60,986	€49,249	€71,678

Market price insights

Price trend forecast

This vehicle is expected to lose -53% of its market price over the next 7 years.

Note: Forecasts are based on current market trends and historical data. Actual resale value may change due to market shifts, condition, location, or other factors.

Emissions

We analysed how much CO₂ this car model typically produces and what taxes or fees may apply.

carVertical Insight

This vehicle has high emissions. That could mean higher emission taxes. Check local regulations to avoid surprises.

CO₂ emissions

323 g/km Class: **G**

Specs

Helpful tips after reading the report

Every tip you check off helps you avoid unwelcome surprises later. The more you check, the safer your car deal.

Based on this report:

Verify the low mileage

Very low mileage sounds great, but make sure it's genuine. Check that the car's physical condition matches what the odometer shows.

Compare wear on the driver's seat and steering wheel with the claimed mileage.

Check service records for regular date-based maintenance – this matters more than mileage for low-use cars.

Do these checks before buying a car:

Get a professional inspection

An expert mechanic can spot hidden issues you might miss. Here's what to do next:

Book a pre-purchase inspection at an independent or authorised service

Ask the mechanic to check key systems: engine, brakes, suspension, electronics

Request written notes or a report of any issues found

Ask for service records

Service records show how well the car has been looked after. Here's what to do next:

Ask the seller for the car's service book or maintenance records

Check for regular oil changes, filter replacements, and timing belt work

Note any missing or overdue services

Check if the mileage matches

Make sure the mileage in this report matches the car's odometer readings. Your latest known mileage is **20,344 km**. Here's what to do next:

Check the odometer reading against the mileage in the report

Watch for signs of tampering (worn pedals, suspicious dashboard fixes)

Ask the seller about any differences

Take a real test drive

A proper test drive helps you spot problems with performance, handling, or comfort – you'll notice much more on the road than you will in the parking lot. Here's what to do next:

Drive on different road types: highway, city traffic, and bumpy or uneven surfaces

Listen for strange noises or vibrations

Pay attention to handling and comfort

Compare with similar cars

Checking other listings helps you know if the asking price is fair – or worth negotiating. Here's what to do next:

Search for similar cars online (same make, model, year, mileage)

Compare asking prices

Look at car condition and equipment

Use this info to negotiate with the seller
